**Thermal Solutions**

Täuffelen, March 2015

## **Transfer of "Tubular Heating Elements and Appliances" business arm**

Dear customers, suppliers and business partners,  
Dear Sir/Madam,

Lükon Thermal Solutions AG has signed an asset deal with Backer ELC AG and will be transferring its "Tubular Heating Elements and Appliances" business arm to the company with effect from 1 May 2015 as part of its business succession arrangements.

Domiciled in Teufenthal/AG, Backer ELC AG will take over the plant and machinery, the stock of merchandise, the customer orders and our product know-how. Some staff will also be transferred and take up employment there.

Backer ELC AG has been developing and producing tubular and flat radiators for industrial and commercial applications for over 80 years. The company has a vast amount of experience in customised solutions in heating, instrumentation and control systems. Taking over the "Tubular Heating Elements and Appliances" arm from Lükon Thermal Solutions AG will allow Backer ELC AG to extend its product range to its own practical advantage.

We will complete orders booked in for delivery by 30 April. Orders for delivery after 1 of May will be processed by Backer ELC AG. Backer ELC AG will be in touch in due time to inform you of the name of the contact person for your orders.

We would like to thank you for your custom, supply services, business partnership and loyalty to our company over many years. We would also be delighted if you would place the same confidence in Backer ELC AG in the future.

Yours faithfully,

**Lükon Thermal Solutions AG**

A handwritten signature in black ink, appearing to read "Lüscher".

Markus Lüscher  
Managing Director
